# A Cool ZOO School

I'm Fay. I go to a zoo school in Michigan. We learn about the animals there and help the zookeepers, too. These are a few animals in our Zoo School.

1

These are our monkeys. Monkeys have got long arms and they climb trees. They sometimes eat nuts, apples and oranges. They love bananas.

2

Harrison is a snake. It lives in our classroom! Snakes have got a long body but they haven't got legs. They eat small animals. Harrison always eats mice.

3

This is a bat. It's a small animal. It's got wings and it flies. It sometimes eats fruit. It never sleeps at night!

4

Children love this crocodile because it's scary. A crocodile has got short legs and a long tail. It has also got sharp teeth and a very big mouth. Crocodiles eat fish or small animals. They can swim.

5

## Fay's Day
